the jeep cherokee xj is a pioneering suv that delivers commendable performance and off road capability more than 3 million cherokee xjs were manufactured during its production run however when the xjs rolled off the production lines they were built primarily for the street as a result xjs need crucial modifications and high performance upgrades to make them better for off road duty in this updated edition author and veteran cherokee expert eric zappe guides you through each stage of an xj build so you can take the mild mannered bone stock xj and upgrade it to a capable off road performer zappe delves into suspension bolt on improvements including lift kits to increase ground clearance and suspension travel

he also covers high performance shocks and long arm suspensions wheels and tires are your vital link to the terrain and he reveals all the important considerations so you select the right combination xjs need a heavy duty steering system to negotiate challenging off road conditions and zappe explains several ways to upgrade the steering driveline and axle upgrades are an important part of the performance equation so these performance improvements are covered as well but he doesn't stop there he also explores engine performance improvements for the 2.5 2.8 4.0 liter engines so the cherokee has more power for off road performance in addition he covers some basic tips for body strengthening and adding skid plates if you're ready to go off road with your cherokee but you're not planning to build a top dollar off road machine this is the book for you with the techniques and latest products described in this book you will be able to upgrade your xj to much higher level of performance and your xj will be at home off and on road

james taylor remembers very well the disappointment among his petrol head friends when the xj's was announced in 1975 it was not a replacement for the legendary e type its colours were uninspired and its interior was drab all credit then to those people at jaguar who truly believed in the car and over a period of nearly 20 years turned the ugly duckling into a swan from the moment the xj's he arrived in 1981 there seemed to be renewed hope and from then on the car went from strength to strength to become the much admired grand tourer it always should have been the book contains a timeline of the key events in the history of the xj's and an overview of the evolution of the xj's from the xj27 prototype there are appendices covering identification serial numbers uk showroom prices through the years and sales in the us by year
